**Presentation:**

**Jackson:** Hello, I am Jackson Krugman and I am running for Campus Communications Coordinator or CCC for the RHSA Executive Board. Last Semester I went to a UPC or Union Programming Council program and meet Brandon who told me all about RHSA and it got me really interested in what it was all about. I became an AC Rep and have since attended every meeting. The moment I fell in love with RHSA was at BUZZ Karaoke due to all the excitement that the event had. I am running for Campus Communications Coordinator and some of duties would include managing the GFPs from all the halls, managing and giving out the GFP packet, announce the hall of the semester at banquet and keep communication with the Department of Res life, NRHH which is the National Residence Hall Honorary, the hall governments and the Hall Government Liaisons, along with working with volunteers for RHSA events such as SLC and informing the liaisons and Hall governments about what events we are putting on. This position is a lot of responsibility so I need good organizational skills and good communication skills, which I have. I use my phone all the time; I use the notes, calendar, reminders and my alarms. My Google Drive is organized as well with folders for everything and every document I make is placed into a folder. I have learned communication skills from being a part of programs and being on the UPC E-Board and on my hall government. Communication is the key to making programs and I want to focus on strengthening the hall buddy system and have the E-board members work with the Hall Governments to make programs. Thanks for listening to my speech, I yield for questions.

**Questions**

- Was there anything you wanted to say before you ran out of time?

  **Jackson:** I have an idea for a Diversity Fair. This idea came about when I was at a program at Ridgeview hosted by RA Bridget who brought a Professor who has autism to talk about what it was like to live with autism. I learned a lot from that program and I think that a lot of people don’t realize how diverse this campus is so I think a Diversity Fair would help educate the campus. We could even reach out to talk to other clubs about working with them.

- What does GFP stand for and what are they?
Jackson: GFP stands for Good Fellowship Points and they are given to the halls who have good standing with RHSA, for programming; 10 for Passive, 2 per month, 15 for regular programs, as many as you want per month, 20 for working with a club or RA member, 3 per month, 30 for Service program, 2 per month

- If your phone dies and you have no access to your information, what would you do to organize everything?
  
  Jackson: I would write everything down or memorize it and once I got the chance to write it out or type it on my phone I would.

- On your application on the question of conflict resolution, you talked about mediating a problem between two people but how would you handle a problem you had with someone else?
  
  Jackson: If it was at an AC meeting, I would take them outside and talk about it then, I would calm the situation down so we can both hear what the other person is saying.

- In your speech you talked about improving the hall buddy system, can you explain how you would do that?
  
  Jackson: In the constitution, every E-Board member must go to two hall government meetings per semester and must attend one program. I want it to be more of a bonding experience where the hall government members would work with their E-Board member to create a program that works for the hall government and the E-Board member. It would be perfect if the E-Board member would be able to clean up and set up.

- Out of all the E-Board positions, why did you decide to run for CCC?
  
  Jackson: I went to everyone's office hours last semester and learned a lot about the people and their positions and CCC really spoke to me. I want to be CCC because it has a sense of community and I would be able to work with the AC Reps and that is my main purpose in RHSA is to build a great community.

- What is your experience with Excel?
  
  Jackson: The experience I have is all through classes I have taken at New Paltz.

---30 Seconds Left---
Move to extend by Five Minutes
Second

Jackson: There is a lot more to learn which I hope to learn if elected as CCC.

- You mentioned community, so I’m curious as to what community means to you?
  
  Jackson: Community means communication. Communication with everyone here and to create a bond to help put on programs like SLC, BUZZ, and the Self Care Fair.

- If you could clarify a previous answer about conflict resolution; What would you do if you had a difference of opinion with another E-Board member?
Jackson: I would try and merge our ideas if we have completely different thoughts. I would try and merge or ideas to create an amazing program where both of our ideas are included.

- Who did you speak to about the position and what was the best advice you have been given?

Jackson: I spoke to Breanne and Angelique. Breanne gave me really good advice about how it's all about organization. You are in charge of tracking all the GFPs and one slip up could cost a hall Hall of the Semester. The best advice I got about being on E-Board was from Angelique who told me that each E-Board is different, how they communicate is different and the bond between the E-Board creates a different experience for everyone.

- Do you have any ideas for new programs or different ways to use GFPs?

Jackson: I don’t have any ideas right now but I would think of some.

- What is your greatest weakness and how would you overcome it?

Jackson: I have a processing disability so when I’m talking to another person if they talk too fast I don’t really catch all the words so I have to ask them to repeat themselves. Some people don’t have patience for that but I feel that I can just ask people to slow down so I understand what they are saying.

- Do you have any changes that you would bring to GFPs or the PUP sheets?

Jackson: I thought a lot about how I could create electronic PUP sheets and use Google forms to submit them but it’s really hard to get the RA or RD signature and it’s easy to forge that online so I’m trying to figure out other ways of doing it.

- Are you good with numbers and how would you cope if you got overwhelmed with them?

--30 seconds left--
Move to extend by five minutes
Second

Jackson: I’m a math major so I love numbers and they don’t overwhelm me.

- What is something that you enjoy about RHSA and what is something that you want to continue on next year?

Jackson: I enjoy programming and the GFP packet works really well for creating good programs so I would push hall governments to work with outside presenters for programs.

- What are your other time commitments and how would you handle everything?

Jackson: I applied for Student Ambassador, and I am applying for UPC E-Board as either secretary or Late Night at the Union Coordinator. I might go for CREW but if
my time management wasn’t working I would drop that. I know my limits and I know what I can and can’t handle.

- CCC is a position where one week you could have no GFPS and then have an influx of GFPS like Spirit Weekend. How would you handle the influx of GFPS and an influx of Coursework in the same week?
  
  **Jackson:** I would plan the week or the day ahead so I could work on both the GFPs and my coursework throughout the week.

- CCC is in charge of speaking to Hall Government Liaisons; what would you do if you reached out to a hall government liaisons and they haven’t responded back to you.

  **Jackson:** I would go to their hall personally and see if they are around, I would keep a lot out for them and if I ran into the m I would set up a time to talk with them when they were available.

- Part of your role would be to communicate and reach out to NRHH; do you have any ideas to strengthen the two organizations?

  **Jackson:** Not at the moment, but doing more programs with NRHH that deal with Community Service would be great and having the Hall Government’s help out with community service programs with NRHH.

- Any ideas on how to get RA Liaisons more involved with Hall Government?

  **Jackson:** If you work with RA’s you get more GFPs. People might not know about that but but talking about the GFP packet they might put on those kinds of programs.

**Jennifer:** Hi everyone, I’m Jennifer Covias and I am running for CCC for RHSA E-Board for the 2017-2018 school year. My journey started as a Bliss Hall AC Rep and then I applied to NRHH and am now a general member. RHSA has allowed me to find my voice, find confidence in myself and others and has helped me to build connections that will help me with my time here
at New Paltz and long after I graduate. RHSA gives us a voice that is bigger than all of us, helps us build a diverse community and solve the big problem on campus. As CCC, I have the general duties of an E-Board member as well as tracking GFP’s, PUP Sheets, and the volunteers for RHSA events. I also have to reach out to other organizations and connect with them. I have a lot of new ideas for this position; when looking at applying for E-Board, I took a lot of time to think and CC best fits my personality. I am very organized I have two planners that are color coded I love being organized. Time management is also something I excel at, I have lots of experience with it. I just recently planned a trip to DC so there was a lot of paperwork, a lot of numbers and my club and I took students to talk with alumni in DC. I am also the Risk Management Chair for my sorority so I have to keep track of emergency contact information and deal with confidentiality. My goal with RHSA is to make it a more diverse and inclusive community. RHSA means a lot to me in the one year I have been involved with it. I want to give back and I know I can excel in this position. I yield to questions.

Questions

- You said you had new ideas, could you explain them please?
  
  **Jennifer:** A problem with my hall government was getting to know each other and bonding is important so as CCC I would give either 25 or 30 GFPs if a hall sent in a picture of them bonding with their hall government. I also want to talk to organizations that we don’t really work with so we can include other clubs in our organization.

- What is your greatest weakness and how would you overcome it?
  
  **Jennifer:** I am always doubting myself and think that my all is not enough. I’ve been dealing with that by knowing that what I do is good and if I put in 100% than I know it’s by best and I have learned to have faith in myself.

- How efficient are you in excel?
  
  **Jennifer:** Very much so, I use it for my sorority a lot.

- Do you have any ideas on how to strengthen the bond between NRHH and RHSA?
  
  **Jennifer:** I am a member of NRHH so I go to their chapter meetings so I am able to be informed of what they are doing. I would in constant contact with their E-Board and would bring up any events they are doing and make sure we and the AC Reps got involved.

- What does community mean to you?
  
  **Jennifer:** The joining of a bunch of different people from different backgrounds and walks of life coming together and achieving a common goal and learning from each other.

- Who did you talk to about this position and what was the best advice you got?
  
  **Jennifer:** I talked to Breanne and Angelique about CCC and talked to Elea about E-Board in general. Breanne told me to rely on E-Board members who have
been on E-Board before and that it’s ok to ask for help. Angelique told me to stay on top of GFPs and set goals for myself early on.

- What does GFP stand for and what are they?
  
  **Jennifer:** GFPs are Good Fellowship Points and they are given to halls for participating in roll call, going to events, hosting programs and giving in PUP sheets and the hall with the most GFPs gets hall of the semester.

- What do you do to stay organized?
  
  **Jennifer:** I have a bullet journal with day to day to do lists, deadlines and goals for my personal life and then I have another planner for Academic study that is color coded.

- What are your other time commitments for next semester and how would you overcome them?
  
  **Jennifer:** I am a member of my sorority, on E-board for the Poli Sci club, I applied for RA and OL and I just took part in CREW. This is how I work best and I need to be busy and productive.

- How would you handle a miscommunication between another e-Board member or AC rep?
  
  **Jennifer:** I would get to it as soon as I could. I would talk face to face with them and make sure everyone’s voices are heard. If that doesn’t work, I would have a third person come in to mediate and help us come to a compromise.

- Do you have any ideas on how to increase RA liaison involvement with Hall Governments?
  
  **Jennifer:** Bonding would help. The RA’s know what works and what doesn’t work for Hall governments. I would keep in contact with the RA liaisons and stress the importance of bonding with their hall government.

- How do you plan on handling an influx of GFPs like with Spirit weekend?
  
  **Jennifer:** I plan on dealing with GFPs as they come during my office hours and I plan on tracking the GFPs as soon as I get them so everything gets done quickly and accurately.

- How would you handle an influx of GFPs and coursework?
  
  **Jennifer:** My academic works always comes first for me but I plan far ahead so I can adjust if things happen. I would divide my time equally so I get everything done on time.
• What is something you want to continue with RHS and what would you add that is new?

  Jennifer: I loved the coffeehouse; I think it really brought in a new crowd and it was really fun. I think we should have less BUZZ Karaoke and have more things like BINGO nights, movie nights, crafting, so we can include people who may not like BUZZ Karaoke and still be involved with the organization.

• Are there any specific changes you would like to make to the GFP packet?

  Jennifer: I would constantly be changing the GFP packet to keep it exciting and new. People can fall behind if they are not ahead in the GFP points so I would offer GFPs if they went to other organization fundraisers or events.

  --30 seconds left--
  Move to extend by five minutes
  Second

• If you have tried to contact an RA liaison, but they haven’t gotten back to you, how would you handle that?

  Jennifer: I would talk to their hall government to see if I could contact them another way or I would go to the hall myself and talk to them then. I would make sure they felt comfortable with their hall government and with RHSA as well.

• Really liked the fact that Jennifer had two planners so things don’t get mixed around so we believe she would have a good system for RHSA events as well.
• Jennifer had a lot of interesting ideas to spice up the RHSA scene.
• We appreciate how Jackson stressed the idea of diversity and wants to bring that to programming
• We thought that Jennifer was talking about that too and she wanted to include more organizations on campus and make unified campus in general.
• Jennifer has plethora of leadership skills since she is head of Poli Sci Club and the chair for her sorority.
• We appreciate that Jennifer brought up the fact that BUZZ needs to be changed up a little.
• We thought that Jennifer showed that she had a lot experience with excel and she knew how to start the position right from the beginning.
• We feel that Jennifer had new ideas that the other opponent didn’t have.
• We think Jennifer is involved in a lot and showed great time management skills and we like her idea to contact other organizations like the Black Student Union, Greek Life, and other smaller clubs.
• We feel that Jennifer really understood the position and understands her role as an E-Board member.
• We believe that Jennifer has good conflict resolution skills.
• We believe that Jackson showed a lot of passion for E-Board.

• We think that Jackson knew excel but we believe that Jennifer knew it better and has used it in other areas of life and it shows she can do the position well.
• We feel that Jennifer can be a good team player and handle conflict well. The way that Jackson would resolve conflict shows understanding of how to do it but we feel Jennifer will do it better.
