FUNDING REQUEST 9:24 PM

Black Student Union

Presentation
Hi everyone. I’m Rosie, President of BSU and Kristen, Treasurer of BSU. Every year we have our annual event which is the Unity BBQ. It is open for everyone; there will be food, games, a bouncy, a cotton candy machine, popcorn, and ices. It is happening on May 10th on Parker Quad. It is held to bring all the members of the community together and celebrate the end of the semester before finals start up. We will have a DJ ad sports equipment from the gym to play volleyball and other games like that. The BBQ is free and open to all students, and its all day from 12pm to 6:30pm, so people can come and go as they please.

Question and Answer

Move to open Question and Answer: Ridgeview
Second: Deyo

- **Lenape**: How much are you asking for?
- **BSU**: We are asking for $500 for food. We usually spend $2,000 on food, but we had some budget cuts we had to make. We want to have enough food to feed about 250 people throughout the day.

- **Brandon**: Where are you getting the food from?
- **BSU**: We normally get the food catered by Sodexo and CAS. It is easier and cheaper, plus it gives us more food options and we are able to have workers grill food at the event so it is fresh.

- **Brandon**: Have you tried to request money from any other orgs beside us?
- **BSU**: We tried to request to money. Some orgs wanted to collab with us but they didn’t have enough money in their budget, so we were not able to get the money from other orgs.

- **Lenape**: If you don’t get the full amount of money, what would you do?
- **BSU**: We would try and get the money any way we could. We are grateful for any money you give us and we would use it to the best of our ability to get the most food with the money.

- **Crispell**: How many people would $500 feed?
- **BSU**: CAS has cheaper options for burgers and hot dogs; it's about $2 for a hot dog and $3 for a burger, so we should be able to feed between 150 and 200 people.

- **Andrea**: You said this was an annual event; how long has it been running?
- **BSU**: I know it has been here for the past four years since I got here but I’m not sure past that.

Motion to close Question and Answer: Scudder
Lefevre: Second
Discussion

Motion to open discussion: Collango
Second: Esopus

- **Scudder**: Point of information, how much in is the budget?
  - **Rui**: $1,169

- **Crispell**: We believe this is a great event to community and invites everyone to join in.

- **Capen**: It is a nice way to end classes and celebrate the end of the semester approaching.

- **Deyo**: Point of information; Will we have enough money in the budget for both funding requests?
  - **Rui**: The other group is asking for $600, we have just enough

- **Lenape**: This is a great event for RHSA to get involved with as it is promotes diversity and we can all take part in building our community and showing our support for different groups.

- **Bliss**: Are there any other expenses for the rest of the year?
  - **Rui**: No one else has asked for money and if we get any last minute requests I would tell them we have no money left for them.

Scudder calls the question!

Voting

- Yes to full amount: 24
- Yes to diffe amount of money: 0
- No confidence: 0
- Abstain: 0

AC has voted to give BSU the full 500 dollars!!

**The TMI Project**

**Presentation:**

I am here on behalf of Our Bodies Talk Back (OBTB), The TMI Project and the Psychology Department. Our Bodies Talk Back is a performance/research project that has been going on for the past eight weeks in conjunction with the TMI Project and SUNY Students. We hold workshops, tell stories of sexual harassment and objection. There is a show tomorrow at 7pm in McKenna. The research aspect is seeing what we can learn about the therapeutic nature of storytelling. We need the money to pay the TMI project for the work they have done over the past few weeks for the workshops they held and for the workshop they will hold after the show.

Motion to Open Question and Answer: Lefevre
Second: Bouton

**Question and Answer**
• Bliss: What would happen if you didn’t get the money?

• OBTB: We plan to continue the TMI project workshops into next year and open it up to new participants. We spoke to the two ladies who run the TMI Project and we would work out an agreement to pay them off along the way if we can’t get all the funding we need.

• Brandon: What exactly is the money going towards?

• OBTB: The two women who run TMI Project have specific methods on how to run workshops and they have been putting them on for us over the past 8 weeks so we just be paying them for their services.

• Lenape: Have you gone to any other orgs for funding?

• OBTB: We have reached out to the Psychology department and a few other orgs as well as starting a GoFundMe.

• Elee: If you didn’t get the money from us how would you get the money to pay for the workshops?

• OBTB: We have the GoFundMe page and we just start going to other orgs and raising money in anyway we could.

• Elee: After the last funding request, how much is in the budget?

• Rui: $669

  Move to Close Question and Answer: Bouton
  Second: Lefevre

Discussion

  Motion to open discussion: Deyo
  Second: Lefevre

• Bliss: What would happen with the $669 if we don’t fund them?
  o Rui: The money would go into one of our other budgets to help to plan for BUZZ or BBQ
  o Catherine: $669 is set just for funding requests so don’t let it impact your decision that it clears out almost the whole budget, this money is set aside for funding request from the beginning.

• Collango: We believe that the goal of body positivity should be talked about more and this is a good way to bring this issue to campus. It’s a really important program and we believe we should give them the money.

• Lenape: We believe that this is a fantastic movement They are trying to bring the TMI program back to campus next year and that shows their dedication. We need something like this on the campus for the students.

• Bliss: This is a no lose situation we have the money and there is no reason for us not to use it when this is the last funding request.

Ridgeview calls the Question!

Voting
THREE YEAR STRATEGIC PLAN 9:45 PM

**Presentation**

Hello everyone, my name is Mike and I am on the Three Year Strategic Planning Committee.

I am Dariana and I am also on the committee.

And I am Brandon and am also on the committee.

**Mike:** We are going to talk about what we laid out, explain the structure of the plan and explain why you should pass it. You all have time to read it as it was posted on the website at the last meeting. The Three Year Strategic Plan started in NACURH and NEACURH to help create a roadmap the organization can follow to implement important changes over the course of three years. I sat on the regional Three Year Strategic Committee and by seeing the work we did there, I wanted to bring that to SUNY New Paltz and our RHSA so we could help guide the future E-Boards and let them see where they should be in the next three years.

**Dariana:** We divided it into different sections that each of us will tell you about. We talked a lot about which direction RHSA should go in order to benefit the community and implement plans to become more inclusive, work with more orgs and create a safe space.

**Brandon:** The first section is about programming. We have ideas to create more inclusive programs and create programs that adhere to more than just one subset of students on campus. Programming is one of the means we have to introduce students to RHSA and is something we wanted to include in the three year plan. We created an outline to help the E-Board create one new program each year or each semester if possible. We don’t want everyone to attend the same programs semester after semester, we wanted to change it up a bit.

**Mike:** In regards to programming, in the four years I have been here, RHSA has generally done the same events and the same competitions and an organization can’t grow unless there is some change. The main piece of feedback we saw was a negative response to BUZZ Karaoke in the survey we sent out. We started brainstorming and created some steps for the future E-Boards to create a Programming Committee to get input from the students about what programs they want to see. We are hoping to move away from a lot of social programs to having more educational programs.

**Brandon:** The programming committee is not just for members of the RHSA E-Board but to the students in or out of the hall governments so we can get a lot of student input and involvement with program planning.

**Dariana:** The next piece is recruitment and retention. We want to change how we promote ourselves, and how we get the word out about what RHSA is and what we do. We want
people to come to our programs, come to our meetings, and understand what is happening on campus. We can seem exclusive but we want to reach all the students on campus and reach out to the people who don’t know about us. We want to find innovative ways to advertise, more than just with flyers and posters.

**Mike:** We also talked about working with NRHH and collabing with them more. NRHH is a huge part of campus life, just as RHSA is. They serve the same values and fall under the NACURH umbrella, so we should work with them to make sure we can help each other to promote change on campus. It is important to have a good relationship with them. We talked about increasing our involvement on the NEACURH and NACURH level. We would provide general information on the alphabet soup that is NACURH and better explain what NACURH is as well as bringing back programs we see at conference to our campus.

**Dariana:** The next part is the linguistics of RHSA. One thing I want to work on for next year is the transparency about the money between the E-Board and the AC. I want all the orgs to know about funding requests are and how they get money from us. I want to hear what you want from programs and what is going smoothly. I also want to increase communication with CAS and work on rebuilding our budget, as well increasing education within the hall governments so they don’t reckless spend money. We are working on releasing an online version of the funding requests so it can make things easier across the map.

**Mike:** So policy. I think one of the most important things is to make sure that what is written on paper is reflected in person and being done. One of the goals of this plan is to find and work out any loop holes within the org as well as create a Policy Audit Task Force so montier documents for typos and to make sure things like voting procedure are constant across elections. It’s important to match our policy to NEACURH and NACURH to make sure we are on the same page. We want to increase education on parli pro and how to and when to make motions to help elections go by smoothly. Within each year, we made a priority list of what should be done; so year one, there are things that are priority three or top priority, so the E-Boards should do these first before moving down to priority 2 things.

**Brandon:** Again, the plan supports student feedback and incorporating your input. We need your help to let us know if this plan is working and helping create meaningful change for the students.

**Dariana:** We want to enhance this org, create a better community and include as many people as we can.

We yield.

**Question and Answer**
- **Rui:** Can you elaborate on the negative feedback you got about BUZZ and what your solution is? New Paltz is known for lip syncs and Karakes in the NEACURH region, so how do you plan on us still using the Karaoke Machine?
- **Mike:** We spent an hour and half talking about this. While BUZZ is generally disliked, it doesn’t mean that we still can’t do it once a semesters. This goes back to creating a programming committee to see what kinds of programs the students want to see.
- **Dariana:** The survey told us to basically kill BUZZ. We didn’t really want to get rid of it all together, just rather see how we could improve programming and make programs
that get high attendance and show our values. That’s why the Programming Committee is important to get student feedback.

- **Mike:** Just going off of that, a lot of the feedback we got was that the programs feel too mandatory. I have been here for four years and BUZZ has happened every year monthly and people are just kind of over it.

- **Breanne:** We have had new ideas like game night, the Self-Care Fair and the coffeehouse, but BUZZ gives the most numbers. Along with that, you talked about the plan wanting to bridge the RHSA/NRHH gap and including more people in the events, but this is all word of mouth. If these goals are not met, is anyone overseeing the plan to keep us on track?

- **Brandon:** We would ask for student feedback to see if we are growing and changing in a meaningful way for them. The E-Board will decide to get feedback either after every program or at the end of the semester.

- **Breanne:** But shouldn’t there be a planned out structure on when feedback is given, rather than just leaving it up to E-Board? What if there was an option for there to me a mandated number of times evals should be sent out?

  
  --30 seconds Left--

  Move to extend by five minutes

  Second

- **Mike:** The plan gives the E-Board free range, and it is left open ended on purpose. Even on the NACURH level there is no oversight on these plans, it’s up to the E-Boards and Regional Directors to follow the plan and achieve the goals laid out. They have the right to scrap the plan after the first year if it is not working out and try something else.

- **Dariana:** We need the AC and other students to help make this plan work.

- **Crispell:** What do you mean when you say educational programs?

- **Mike:** Programming is split into 2 parts; Social programming, which allow people to come out, mingle, have fun with others, and Educational programming, which would focus more on issues affecting the campus, advocacy, and the like. From what I have seen, RHSA focuses mostly on social programs rather than educational ones.

- **Breanne:** Can you restate how you plan to better involved NRHH?

- **Mike:** The plan talks about creating collab programs between RHSA and NRHH, to increase awareness about NRHH on campus, and to better advertise both our orgs and the programs we put on.

- **Breanne:** Is there anything about having a join programming team between RHSA and NRHH?

- **Brandon:** It can be added in just like with the Constitution.

- **Mike:** There is something in there about joint programming between the two orgs, like what we had with Dance Marathon.

- **Rui:** I’m concerned or future students reading this and see the negative feedback we got from BUZZ in terms of what is going to happen to the Karaoke Machine. It was $12,000
when it was bought, probably costs more now, but the machine is important for our events and for other orgs when they ask to borrow it for their events.

--30 seconds left--
Move to extend by five minutes
Second

- **Mike**: The machine has a practical use for speakers at events and karaoke events are fun, but just not once a month. The Programming Committee will figure out how to replace the BUZZ and the machine isn’t getting destroyed, it will still be used throughout the year.

- **Dubois**: How do you plan on having the education programs, because we feel it might make people feel more pressure to come out to them, compared to social programs which are simply there for fun. Educational programs made feel more mandatory.

- **Brandon**: We would still have social programs, it never be made out to feel that programs are mandatory. We would simply be making changes to include educational programs along with social programs.

- **Dariana**: We don’t want to force people to come to programs and that’s where your voice comes in; we want to hear what is fun for you so we can give that to you.

- **Elee**: None of our events are mandatory; you go to programs because you want to or because you want to get GFPs but we don’t force you to go to anything.

- **Collango**: Education programs are really important, as well as social programs. There are other aspects of the plan that we should be looking at and the BUZZ discussion can happen at a later time.

- **Breanne**: It is hard to get people to come to education programs, so is there anything in the plan about using a different type of advertising to get people to come?

- **Brandon**: There is a section that outlines implementing new forms of advertisement such as more social media and finding other ways to reach students all over campus not just those involved in hall government.

--30 seconds left--
Move to extend by five minutes
Second

- **Rui**: With the online funding request, do you think it is a good idea to put how much money is in the budget online and update it every time a funding request goes through so people know how much is left?

- **Dariana**: I think it is a good idea, but I would talk to the E-Board as it is their decision where the money goes, as well as letting the AC know we are a resource for them.

- **Scudder**: What are the ideas to help connect with other orgs? Like we have a rep come from senate, could there be a rep from E-Board that goes to senate?

- **Brandon**: The big thing with collaborating is to let other orgs know we are open to working with them. Do you mean we should have a certain rep from the org we want to collab with or have a rep from the E-Board talk to other orgs?
- **Scudder**: Someone from E-Board going to senate meetings, or Council of Orgs meetings so we can spread our information to them similar to how the senate rep gives us information from Senate Meetings.
- **Brandon**: The would be decision delegated to the programming committee, as they would handle any collab programs RHSA puts on.
- **Andrea**: Also we have the CCC for that purpose of reaching out to other orgs, so if possible we could have the CCC go to the Council of Orgs meetings if needed or ask someone else to go.
- **Breanne**: Can you just clarify if you would be replacing Friday night BUZZ with educational programs because having BUZZ on a Friday is good for people who don’t really like going out but still want to socialize and have fun.
- **Mike**: We would have educational programs in addition to social programs, rather than replacing them.

Move to end Question and Answer: Scudder  
Second: Deyo

**Discussion**  
Move to open Discussion: Lenape  
Second: Collango

- **Bliss**: This is a living and breathing document and nothing is set in stone. There are really good ideas, and things can be added and taken out as time goes on. I don’t see why we would not pass it.
- **Scudder**: We enjoy the idea of having an open programming committee that is open to everyone on campus and not just those in hall government.
- **Ridgeview**: We like the move to include more educational programs. Social programs are great, but it’s good to grow and change the way programming is done.
- **Bliss**: We think the Programming Committee can work on creating both fun and educational programs like Condom Casino to better serve the campus.
- **Scudder**: This is not a binding contract, things can be changed if they aren’t working.
- **Lenape**: The way the plan is set up allows for RHSA to grow and change by getting feedback from the students and that it really helpful.

Scudder calls the question.

**Voting**  
Yes to pass: 22  
No Confidence: 0  
Abstin: 2

The AC voted to pass the Plan!

**NRHH 10:35PM**  
The semester is ending and we have inductions coming up! We are having a letter writing party to give back to members of the New Paltz Community this Wednesday from 5pm to 7pm in
SUB 418. You can write letters to groups in the community such as the Emergency REsponders and other groups off campus that make living here so great!

**SENATE 10:36 PM**

Thank you for voting last week, it was super important that you all did! Jeffery Tillman will be the Senate Rep for next year and Andrea Parades will be the Executive Vice President. Thank for coming to the Union Rally for Adjuncts, they are really important to us and have made our time here better. Thank you for everything you have done this year, for listening to my reports, and for coming to all the events that were put on. I hope you be able to work with all of you next year!

**OLD BUSINESS : PM 10:38**

Motion to Open: Scudder  
Second: Ridgeview

**COLOR WARS**

Color Wars was a great time yesterday, Thank you to everyone who came out and for participating! We will be announcing who won at BAnquet next week!

**NCC**

The delegation is continuing its prep for NACURH. Thank you for passing the Three Year Strategic Plan!!

**CCC**

All GFP related things are due tonight at midnight. PUP sheets are due Friday May 5th by 9:30pm. You can slide them under the office doors, come to our office hours or give them in when you come to BUZZ.

Motion to Close: Deyo  
Second: Collango

**NEW BUSINESS : PM 1040**

Motion to Open: Esopus  
Second: Lenape

**BUZZ KARAOKE**

The last BUZZ is happening this Friday May 5th from 7:30pm to 9:30pm in SUB 100S and it is Star Wars theme! We will be giving out the last shirts of the semester, so come sing with us!

**BBQ**

This Sunday May 7th from 4pm to 7pm on the Hasbrouck Quad we will be having our End of the Year Barbeque. There will be inflatables, music, cotton candy, sno cones, a photo booth and us! Come on by!

--I can bring a smile to your face, a tear to your eye or even a thought to your mind, but I can't be seen. What Am I?--
BANQUET
Banquet is happening Monday May 8th at 8pm in the SUB. Awards will be given out, the old E-Board will leave and the new E-Board will be transitioned in. We will be having a regular meeting so be prepared for that. We have food that covers gluten-free, vegan, and vegetarian. Dress up and come help us ring out the semester!

Motion to Close: Scudder
Second: Gage

UPCOMING EVENTS 10:42PM
BUZZ Karaoke, May 5th, 7:30-9:30, SUB 100S
BBQ, May 7th, 4pm to 7pm, Hasbrouck Quad
Banquet, May 8th, 8pm, SUB MPR

STUDENT CONCERNS FOLLOW-UP 10:43PM
We meet with President Christian on Wednesday about the adjunct issue. He said on March 30th everyone got an email that talked about your concerns. If you can’t find the email, please email us at rhsa@hawkmail.newpaltz.edu and we can forward it to you. There is a contract between faculty and higher administration; adjuncts can only serve for a certain number of semesters. They then can get their contract renewed or they leave. What happened this year is that a lot of contracts ended around the same time which is why so many people do not know if they are staying or not. All adjuncts get an email stating that they may not be rehired so it gives them time to look for other options. Now that everyone has signed up for classes, they can start hiring the staff for next year. They can’t tell us too much, but they didn’t realize it was such a problem for the students and they plan on being more open about this in the future should it happen again.

STUDENT CONCERNS 10:45PM
Breanne: My friend lives in Dubois and has black mold in her bathroom; it’s made her sick all semester. There is not great ventilation in Dubois and I’m concerned for the health of students in the future. I don’t know why halls like Dubois and College/Shango have to pay same as Bevier and Ridgeview when the living conditions are so different.

Elee: The halls used to cost different amounts but people who transferred in were randomly placed into a hall and it wasn’t fair to make people pay more or less. It also prevent people from living in certain halls so it was more fair to make every hall cost the same.

Breanne: For halls like College and Shango that can’t be renovated, it isn’t fair to be held to the same standards as other halls, some halls are just unlivable.

Esopus: There are people from a religious group preaching about God and they are starting to harass people and people want to report it because it’s a problem.

Breanne: They are not associated with New Paltz so I don’t know if we can prevent them since we are an open campus.

Emily: Student Affairs is aware of it.

Audrey: My friends told me that there was some unsportsmanlike conduct from some halls and I don’t think it’s ok to diss other halls and not be supportive of each other, even though it is a competition.

Angelique: If you can more information and send it to me, we will address it.
Katie: Color Wars was at the same time as Transaction this year and it sucked because people had to choose between one or the other.

Meryl: That thing I talk about with student teaching right to the end, if they could fix it that’d be great.

Andrea: In response to Color Wars and Transaction being held at the same time, we fuse for our events at the beginning of the year and Transaction was fused later so it is hard to make them not overlap. Timing was hard this semester with all the events going on so hopefully it won’t happen next year.

HALL CONCERNS 10:51PM

Collango: The screws in the bathroom are still a problem, I talked to my RA’s and RD and they say maintenance is coming but they never do. I can email you will more details.

Lenape: Some of the doors just don’t open when you put your card to them and its a problem because people are unable to get into the building.

Angelique: The mouse was caught in my suite but it took a while for FOC to come and get it so we had a dead mouse in our suite for a while. There should be an experiment on call to deal with these problems.

Lefevre: If we could get staplers in the computer labs it’d be really helpful. The one in humanities got stolen and was never replaced. It is really frustrating trying to find stapler for papers.

Elee: It’s not worth the money to keep replace them when they get stolen.

Rui: Lab Proctors could possibly take them back to their rooms and bring them back the next day.

Meryl: A locked drawer might work better just so it stays in the room adn the students don’t have to walk back the next day with it.

OPEN FLOOR 10:57PM

Tim: Wednesday at 6:15pm there will be a Dubois vs Gage kickball game, everyone should come and play with us.

Brandon: Thank you for appreciating us today, for passing the three year plan and for calling the question.

Lenape: Saturday at 3pm we are having messy twister so come by and get messy!

James: Wednesday at 5:30pm there is an inter-hall program between Esopus and Collango and we will be playing lap tag on the Parker Quad.

Breanne: Come to my Zumba class Wednesday at 5:15pm.

Dubois: We are having a no talk walk to distress for finals at 9pm this week.

Audrey: I have old RHSA shirts that I am giving away after the meeting.

Meryl: Don’t forget to pick up your graduation tickets on Wednesday and Thursday.

Angelique: Come to the Research Fair Friday from 4:30 to 6:30 in the Library and see the research we have been working on all semester.

Rui: The Senior Engineer design expo is also Friday in Wooster Hall so come by and see what they made!

PASSING OF MOLLY THE MOOSE 11:01 PM

Esopus gave her Yarn from the AC Retreat and gave her to Crispell.

QUOTE OF THE WEEK 11:03PM

“Self-acceptance is my refusal to being an adversarial relationship to myself”.

-Nathaniel Brand

ADJOURNMENT 11:03 PM

Next Meeting in SUB MPR!!
